### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: claim 1 (currently amended), line 8, change "base," to --base material,-- to correct a typographical error. The similar limitation (after amended) can be found in claim 6, lines 11-12 and claim 9, lines 26-27.

### EXAMINER'S COMMENT

In view of the remarks filed 1/10/05, the Examiner does not agree with the comment stated on page 9. The applicants state "--- not changed "25  $\mu$ m or more to 500  $\mu$ m" to "25 mm or more to 500 mm" [as suggested by the Examiner ---]; however, the Examiner has never made such suggestion. On page 4, item 3 of the Office action mailed 11/10/04, the Examiner merely stated that " $\mu$ " and "m" should not be separated. In other words, " $\mu$  m" should be " $\mu$ m". To make the record clear, the Examiner had not made the suggestion.
